FOR IMMEDIATE RELEASE

Advanced Information Management, LLC Receives 2013 Best of Orange Award

Orange Award Program Honors the Achievement

ORANGE July 8, 2013 -- For the fourth consecutive year, Advanced Information Management, LLC has been selected for the 2013 Best of Orange Award in the Computer Systems Value-Added Resellers category by the Orange Award Program.

Each year, the Orange Award Program identifies companies that we believe have achieved exceptional marketing success in their local community and business category. These are local companies that enhance the positive image of small business through service to their customers and our community. These exceptional companies help make the Orange area a great place to live, work and play.

Nationwide, only 1 in 250 (less than half of 1%) 2013 Award recipients qualified as Four-Time Award Winners. Various sources of information were gathered and analyzed to choose the winners in each category. The 2013 Orange Award Program focuses on quality, not quantity. Winners are determined based on the information gathered both internally by the Orange Award Program and data provided by third parties.

About Orange Award Program

The Orange Award Program is an annual awards program honoring the achievements and accomplishments of local businesses throughout the Orange area. Recognition is given to those companies that have shown the ability to use their best practices and implemented programs to generate competitive advantages and long-term value.

The Orange Award Program was established to recognize the best of local businesses in our community. Our organization works exclusively with local business owners, trade groups, professional associations and other business advertising and marketing groups. Our mission is to recognize the small business community's contributions to the U.S. economy.
